

## 4K over IP Fiber not required

The Just Add Power 3G 2-Gang Wallplate Thin Transmitter fits into a 2-gang construction box and provides an HDMI input for the UltraHD over IP line of products.

Distribute 4K video over a single Cat5e cable to every zone with the 3G 2-Gang Wallplate Thin Transmitter.

Mix-and-match with other 3G models to distribute any source to any zone.

**Build a future-proof 4K infrastructure.** Just Add Power UltraHD over IP integrates seamlessly with 1080p infrastructure – keep the switch, cabling, and driver! Add 4K to current 1080p systems, or build a new 4K system.

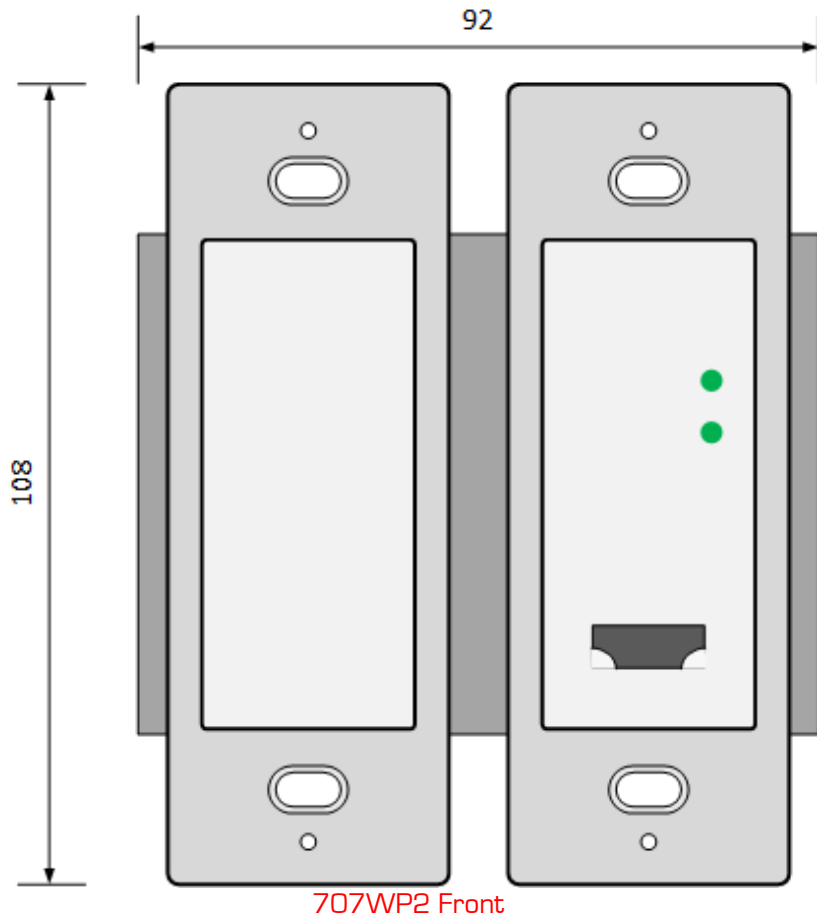

Features	
Ultra HD & 4K video with HDCP 2.2	
HDMI input	
Thin profile for easy mounting	
All lossless audio supported	
Image Pull	

<b>Compliance</b>	HDCP 2.2 & RoHS/FCC/CE
